MEET LILA

1. Fresh out of school.
2. First time at IITM.
3. Extremely excited
4. Slightly terrified

Entering Academics

What's an endsem?
Where do I I find the tutorial?
Why is everyone talking about CG?

WHAT HELP SHE WOULD NEED?

She needs someone who can tell her:

1. Where do I start?
2. What actually matters?
3. How do I approach this problem?
4. Is everyone struggling with this?
5. Who do I ask when I’m stuck?

WHO WOULD HELP HER?

IT'S DIS GUY

Meet Sparky

2nd/3rd year
Survived the same courses
Knows what *"I have no idea what's happening*" feels like.

WHAT DOES HE DO?

SPARKY IS AN ACADBUDDY

AcadBuddy is a peer academic support system where senior students help freshies navigate academics through guidance, doubt-clearing and shared experience

GUIDE: Understand how IIT academics work.

SUPPORT: Help with concepts and doubts.

EMPOWER: Help mentees become independent learners.

P.S: An **AcadBuddy** is **not** a **personal professor**.
They're the senior you wish you had in your first semester.

Why does a wellness team like SAATHI take on AcadBuddy?

Because academic wellbeing is wellbeing.

Lila doesn't become stressed because she's “bad at academics.”
Sometimes she just needs someone to guide her before the problem gets bigger.
That's where AcadBuddy comes in.

- 🤝 **Peer support** — “Someone has been through this before.”
- 🧭 **Academic navigation** — understanding how to approach IITM courses.
- 🧠 **Confidence** — turning “I can't do this” into “I know where I'm stuck.”
- 🌱 **Early intervention** — addressing academic difficulties before they become overwhelming.
- 🔗 **Connection** — helping students reach the appropriate support when the issue goes beyond academics

"SO… WHAT MAKES SPARKY A GOOD ACADBUDDY?"

It's not just about being academically brilliant.

- 🧠 Knows the subject
- 🗣️ Can explain clearly
- 🤝 Approachable
- ⏰ Reliable
- ❤️ Patient

And a sixth:
Knows when NOT to give the answer.

Can SMC Mentors become AMC Mentors?

Yes, They Can

P.S: Interviews for AMC will be lighter than SMC ones. But, You'll have to constantly update the people responsible about your work and meetups.

Does Lila have to be a first year student

Of course not, Lila can also be a 2nd year student too
